“ The second I heard Chuck speak, I knew I wanted to be wherever he was. He spoke articulately and with such passion that it inspired me to achieve things I never thought possible, including, but not limited to, landing a job at Google! Chuck helped me believe in myself; but not only me, I’ve witnessed Chuck inspire a wide diversity of people through his love and passion. Regardless of the subject matter, when you hear Chuck speak you can’t help but be inspired - I challenge you to try not to be.”

Chuck Garcia delivers specific techniques and tools for speakers to use to develop well-crafted and concise messages with clearly defined objectives. His cutting-edge ideas will help you climb to the top. This book will certainly change how you think about yourself as a communicator, how you’re perceived and measured by what you say and how you say it, and how to better navigate through the rough terrains as you climb to the top.”

“ With an audience ranging from C-level to analysts and operations personnel Chuck’s sessions at our conference scored nearly perfect survey results on both value of content and speaker. Besides many responses of “Excellent” in the open comments field we also heard a variety of “Best session all week! I was so blown away and happy I signed up for this. Thank you so very much! A high value presentation from a high-quality speaker, I couldn’t recommend him more.”
